

Cartoons: One Hundred Years of Cinema Animation

... its encyclopedic style will find it a place in the library of everyone interested in the subject. **Kirkus Reviews** This exciting and informative encyclopedia... is a worthy and welcome addition to our library on world-wide cartooning... this is a marvelous compendium, one that belongs on the coffee-table and on the scholars shelf. **Journal of Popular Culture**... this valuable effort... promises to be the basic reference on its subject for some time to come. **Booklist** Enthusiastically recommended as both a fascinating story and an incredible reference resource for both scholars and aficionados of the art of film. **Choice** Best of all, though, are the authors unexpectedly clever insights. **Los Angeles Times Book Review** This encyclopedic survey of commercial and fine art animation is well illustrated and international in scope; few new books on animation contain as much material as this important volume. **Wilson Library Bulletin** The long-awaited English-language edition of a classic study of world animation, **Cartoons** provides the first comprehensive, detailed history and critique of cinema animation world-wide. Over 70 countries, 2,000 animators, and 3,000 films are covered in this lavishly illustrated, authoritative, and encyclopedic account.
