

A Peoples History of the United States: Abridged Teaching Edition (New Press Peoples History)

Howard Zinn's *A Peoples History of the United States* has turned history on its head for an entire generation of readers, telling the nations story from the viewpoints of ordinary people—the slaves, workers, immigrants, women, and Native Americans who made their own history but whose voices are typically omitted from the historical record. The New Press's Abridged Teaching Edition of *A Peoples History of the United States* has made Zinn's original text available specifically for classroom use, with a wide range of tools for students to begin a critical inquiry into the American past. The teaching edition includes exercises and teaching materials to accompany each chapter.
