

The Race Around the World (Totally True Adventures) (A Stepping Stone Book(TM))

Does Nellie Bly have what it takes to race around the world? Travel to all corners of the globe in this action-packed Totally True Adventure. When Nellie Bly read *Around the World in Eighty Days* by Jules Verne, she had an amazing idea. What if she traveled around the world in real life, and did it in less than eighty days? In 1889, people doubted it could be done especially by a woman. But with one small bag and a sturdy coat, Nellie set out anyway. Soon the whole world was rooting for her. Could she make it back home in time? This nonfiction chapter book makes history exciting and accessible for younger readers and features illustrations, photographs, a map, Common Core connections, and additional Story Behind the Story facts. Perfect for readers of the *I Survived* series and the *Who Was ... ?* series, Totally True Adventures are captivating nonfiction stories with not-to-be-missed bonus content.
