

An Encyclopedia of Claims, Frauds, and Hoaxes of the Occult and Supernatural

In this updated and expanded version of his remarkable encyclopedia, James Randi casts his cynical eye on the dubious claims of the occult and the supernatural. With hundreds of entries and illustrations throughout, this book examines the shady world of manipulators, occultists, and shamanists in microscopic detail. Topics include Jeane Dioxons long string of failed predictions, the elaborate hoax surrounding the mystery of the Abominable Snowman, and much more.
