

Whoever Caught that Fish is a Liar

Whoever Caught That Fish Is A Liar! is a collection of short stories that share humor and human relationships. Many of the characters are from Dr. Smyth's first book Fish Tales of the OWA... and other lies, but all of the stories will make you laugh and help you appreciate the value of friendship. Big Dave Garner stars in most of the stories as he sinks a canoe, gets his arm caught in an alligator's mouth, and serves his homemade soup and chili from kitty litter containers. Victor Boudolf shares the focus as an ALS patient who lives his life with faith and fortitude. His positive outlook in the advanced stages of ALS fill the pages with heart-warming stories. While most of the stories are about fishing; this is not a fishing book rather it is about friendship, humor and fundamental values. Good friends, good luck and good fishing stories in the lowcountry of South Carolina are shared. Dr. Smyth shares funny characters, family events and the hard teasing among fishing friends.
