

Anything You Want: 40 Lessons for a New Kind of Entrepreneur

HIS STORY IS YOUR STORY. When anyone can start a business (when everyone is running their career like a business), it begs a question. This is your one chance at life, you can have anything you want, what is worth doing? Most people don't know why they're doing what they're doing. They imitate others, go with the flow, and follow paths without making their own. They spend decades in pursuit of something that someone convinced them they should want, without realizing that it won't make them happy. *Anything You Want* is a manifesto about living life, appreciating enough, and doing what matters. It's most of what fabled entrepreneur Derek Sivers learned in ten years of starting and growing a small business, compacted into something you can listen to in an hour and a half. A life worth living starts with knowing your personal philosophy of what makes you happy and what's worth doing. LETS GET STARTED.
