

Conquering Stress: The REAL Fountain of Youth

Conquering Stress: The Real Fountain of Youth, is an introduction to the P.E.A.C.E. Stress Management System and is a unique and comprehensive look at what the definition of stress really is, how it effects every human on the planet and gives you practical tools and information for conquering all of the thousands of types of stress that you may have in your life. This book will teach you about every type of stress that may be impacting you and will give you practical tools so you can start preventing, deleting, reducing and conquering stress. Over 98% of illness is caused by stress we create, so if you want to live longer on the earth and create your own personal Fountain of Youth, you will need to learn how to conquer all of the different types of stress. This book will arm you with all the knowledge you need to start creating a life filled with happiness and good health. Besides learning massive amounts of information about how you can defeat stress, you will also get to create your own personal stress management tool kit and total life makeover plan that you will use every day for the rest of your life to live longer, happier and healthier.
