

# Becoming a Critical Thinker: A User-Friendly Manual, Books a la Carte Plus MyThinkingLab with eText -- Access Card Package (6th Edition)

Developing Instinctive Analytical Skills in Students  
Becoming a Critical Thinker: A User Friendly Manual trains students to distinguish high-quality, well-supported arguments from those with little or no evidence to support them. It develops the skills required to effectively evaluate the many claims facing them as citizens, learners, consumers, and human beings, and also to be effective advocates for their beliefs. Teaching and Learning Experience  
Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Coverage of persuasive speaking, decision-making, the Toulmin model of argumentation, and chapter-end writing and speaking exercises all teach students to construct and present arguments so that they can gain skill and confidence.

Engage Students - Becoming a Critical Thinker: A User Friendly Manual exposes students to a variety of contemporary and multicultural issues, engaging their understanding of analytical skills through the use of articles and varied examples. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructors Manual, Electronic MyTest Test Bank or PowerPoint Presentation Slides. PLUS, our new Instructors Manual has been updated and expanded with revised tests and answer keys, a discussion of chapter exercises, and suggestions for teaching critical thinking concepts. Note: MyThinkingLab does not come automatically packaged with this text. To purchase MyThinkingLab, please visit [www.MyThinkingLab.com](http://www.MyThinkingLab.com) or you can purchase a valuepack of the text + MyThinkingLab (VP ISBN-10: 0205176038, VO
