

Buck Petersons Complete Guide to Fishing

Outdoor jokester Buck Peterson turns his bloodshot eyes to the piscatorial world of lakes and streams. This revised edition of his original classic includes techniques for catching the latest hybrid fuel-efficient fish, turning fish into rosebush food, and capitalizing on recent innovations in military fishing weaponry. ReviewsSupremely funny, patently irreverent, and modestly salty information on just about everything to do with anything fishing.-In-FishermanOffers angling info tinted with sexism, drinking references, bad puns and dumb jokes. Which undoubtedly will make this guidebook parody a hit among many anglers. Recommended for an easily amused fishing buddy.-Sacramento Bee
