

Call Of The Litany Bird: Surviving The Zimbabwe Bush War

A compelling personal account of living through the atrocities as Rhodesia became Zimbabwe, whilst bringing up a family on a farm amidst the chaos. As a trained nurse, newly married to the son of the Governor of Rhodesia during the UDI years, Susan writes compellingly about bringing up a family on their farm in Matabeleland in the midst of the unfolding terror and growing number of atrocities. Above all it is a human story. Sometimes shocking and always moving, there is also warmth and humour as Susan creates a gripping picture of the conflict and tells of her family's survival when many of her friends and neighbouring farmers didn't. The book is a testament to the courage displayed by so many people who were tested day after day by almost unimaginable horrors.
