

CFS Manager: Effective Management of Mood, Sleep & Energy Levels for Suffers of (CFS) Chronic Fatigue Syndrome & (ME) myalgic encephalomyelitis

CFS Manager: Effective Management of Mood, Sleep & Energy Levels for Suffers of (CFS) Chronic Fatigue Syndrome & (ME) myalgic encephalomyelitis Self Hypnosis CD, Rachael Eccles This self hypnosis session is designed to assist you in managing these conditions, it focuses on improving your mental approach and inputs suggestions into the subconscious mind, so that what begins as a conscious choice or desire for change becomes an automatic reaction as the changes and improvements take effect. Whilst not offered as a cure, this can help you to have a positive mental attitude and to manage your energy levels, your mood and your sleep to best effect. If you are currently under the care of a medical practitioner in relation to your CFS/ME do inform them that you are using this self hypnosis CD. Look Rachael up on Google to hear a voice sample before purchasing, as it is desirable that you like the therapists voice.
