

Silicon Daze

The uproarious adventures of a small gang of Silicon Valley Locals. Henry has dedicated his life to ridding the Valleys business world of people like Eddie the Fang, a back stabbing, credit thieving, dirty office politicking member of upper management. Wu is busy trying to solve everyones problems and Molly wants to fall in love. Then Boris, the handsome Russian Spy Guy comes to work at Whizzybang with plans of his own that involve a little hacking. Meanwhile Pocco is managing his lawn service, his marital problems and his anger management problems while figuring out how to get his wife back, rid himself of plastic explosives and get rich quick. Everyone is intent on saving the Silicon Valley, including the FBI, CIA, DARPA, NSA, DNS, Snoop Troops, SPCA and the Santa Clara fire department and Boris brother Max, who is being held for ransom by the Bulgarian Mafia. Rollicking fun as the Valley is viewed by those who live there.
