

Girl Genius Volume 1: Agatha Heterodyne & The Beetleburg Clank

In a time when the Industrial Revolution has become an all-out war, Mad Science rules the World... with mixed success. At Transylvania Polygnostic University, Agatha Clay is a student with trouble concentrating and rotten luck. Dedicated to her studies but unable to build anything that actually works, she seems destined for a lackluster career as a minor lab assistant. But when the University is overthrown, a strange clank stalks the streets and it begins to look like Agatha might carry a spark of Mad Science after all.
