

Divine Intervention: The Most Controversial True Story of Spiritual Contact and Enlightenment You Will Ever Read

On April 7th 1998, Hazel Courteney underwent an experience that would change her life forever she became telepathic, and began affecting electrical equipment. Most remarkable of all, however, was the realization that she could clearly hear spirits from the higher realms, and found herself receiving direct communication from Diana, Princess of Wales. By choosing Hazel, a journalist, as her medium, Diana knew her messages of love and hope to the world would reach thousands and empower people everywhere to fulfill their true potential. In this groundbreaking book, with a new foreword by Professor Gary Schwartz, Hazel shares her experience of this and other channeled messages and reflects on Diana s legacy. Divine Intervention offers us a compelling insight into life after death and bears witness to the truly extraordinary powers of the human mind. Uri Geller This book has the potential to help us all to discover more about our true spiritual nature and, as a scientist, I believe this book should be taken seriously. If stories such as Hazel s are eventually proven to be true then the implications for our future are awesome. Professor Gary Schwartz Diana s legacy lives on and Hazel s compelling story did and will continue to attract widespread media attention.
