Some people have objected to a frivolity of tone; but as the tone is not, in my opinion, at all frivolous, this objection did not impress me; and had no weightier reproach been put forward I might almost have been persuaded that the volume was flawless! A more serious stricture has, however, been offered not in the press, but by sundry obviously sincere correspondents and I must deal with it. A reference to page 31 will show that I anticipated and feared this disapprobation. (Typographical errors above are due to OCR software and don't occur in the book.)
