

Winning Over Asthma:

Dozens of read-to books have been written for the parents of young children. They are cute but they are often incomplete or inaccurate. *Winning Over Asthma* is in a class of its own. This book was written and illustrated by Eileen Dolan, the mother of five-year-old Graham. Her line drawings are simple and realistic. The one hundred-word text in this book presents many important asthma concepts. A three year old can look, listen and learn with pleasure as a parent reads.
