

From Mind to Super-Mind: A Commentary on the Bhagavad Gita

The message of the Gita has an important and a practical bearing on the problems of the modern age. It shows a way out of the complexities of the mind to complete and unfettered freedom of the Super-Mind. This path is not meant only for the few, it can be trodden by all who seek freedom from life's entanglements. In an age where the individual is becoming more and more insignificant due to the impacts of political, economic and social forces, the Gita brings to man a message of hope and cheer, for it shows a way of life which leads to the regaining of his lost significance, and the spiritual regeneration of man is indeed the way to the creation of a happy society.
