

Secrets of Living : Eternal Fountain of Inspiration in Bhagavad Gita

Secrets of Living is based on the teachings of Bhagavad Gita, one of the most widely read books in the world. In today's busy life, we hardly get any time to meditate deeper into the meaning and purpose of life. We tend to take certain things for granted such as our status, wealth, educational achievements, etc. and also presume that they will be given to us in our next birth. Rajiv Sachdeva, an Electronics and Communication Engineer, is currently working as Vice-President in an IT MNC. He has also pursued an Executive Leadership course from Cornell University. Widely travelled across the world, he has held various portfolios in India as well as abroad. His favourite book is the Bhagavad Gita which he has read a few hundred times over the last thirty years. He finds deep hidden messages in the holy scripture addressed to all mankind for leading a righteous life. Neeraj Gupta, a commerce graduate and an MBA is currently working as General Manager in an IT MNC. He has also completed Cyber Security course from Indian Law Institute, along with several other IT certifications. He has immense domestic and international experience across diverse industries. His extensive travel across the globe has fortified his belief in the values of Austerity, Mercy, Truthfulness and Purity, which he strongly feels are keys to successful career and a prosperous life. But scriptures do not endorse this view. All our possessions, or the lack of them, are the result of our karma in the previous births. We rewrite our destiny everyday for our future births. Hence we should decide our actions in accordance with the teachings of our scriptures and not allow our materialistic aspirations to distort our understanding and conduct in this world. Also one should not wait till the old age to start reading the scriptures. The right age to read scriptures is as early as one gets the consciousness so as to minimize the loss of

deep, illuminating thoughts which an insightful reading of Bhagavad Gita entails and hence, engage in righteous actions. The divine wisdom of Lord Krishna, encapsulated in the Bhagavad Gita, is addressed to each and every individual to help solving perplexing problems and progress towards a brighter future.
