

Global Security WatchLebanon: A Reference Handbook (Praeger Security International)

A comprehensive examination of the complex domestic environment and the quarrelsome neighbors that contribute to Lebanon's condition as one of the most violent and unstable countries in the Middle East. Primary source documents include the Preamble to the 1926 Lebanese Constitution, provisions of the 1989 Taif Accords, the report of the assassination of Rafiq Hariri, and UN Security Council Resolution 1701, which ended the Israeli-Hezbollah war of 2006. Includes a chronology of key events in the history of Lebanon from earliest human civilizations there to the 2006 war.
