

## Haunted: Scariest stories from the UKs no. 1 psychic

For the first time, the UKs number one TV psychic shares some of his most personal stories and terrifying encounters with the spirit world, and what its really like to be possessed. The star of LIVINGtv's Most Haunted and Ghost Towns goes on a new journey that will chill you to the bone. Derek takes us with him into the darkest places of the spirit world where he confronts people taken over by demonic entities, the spirits of ancient Egyptians whose malevolent presence reaches beyond the tomb, those evil ghosts with unfinished business who are terrorising the living, and the dead who are determined to come back from the other side, and take Derek with them if they can. If you thought youd already seen Dereks most terrifying battles with the dark side think again.
