

Helen Keller in Her Own Words (Eyewitness to History)

Though Helen Keller became deaf and blind after a childhood illness in 1882, she grew up to be a renowned author, activist, and speaker. With the help of her teacher, Anne Sullivan, Keller overcame major obstacles in her life and used them to become an advocate for those experiencing discrimination and hardship. This inspiring biography uses Kellers own words as a primary source, so that readers can better know and understand this amazing woman and leader.
