

Hormone Balancing The Basics: Focusing on the adrenals, the sex hormones and thyroid hormone

Are you tired all the time? Worn out? Do you feel like you are not enjoying your life as much as you want to? Or perhaps you feel moody and irritable, and you snap at your loved ones? In her latest book, *Hormone Balancing: the Basics*, Dr. Leila Kirdani reveals how stress can affect our energy levels and cause our sex-hormones and thyroid to be out of balance as well. Hormones are essential messengers between cells and help to keep us healthy and functioning well. Learn how you can overcome the effects of stress and feel wonderful!
