

One Income Mystery

Have you ever found yourself pondering if you could just stay at home with your kids?

Are you working and it is actually costing you to work? How can you tell? This book gives you the solution to find out how much you are worth! Maybe you want the best of both worlds. As a degree earning mother, I wanted to keep my career and not have others raise my kids. I will tell you how I did the unthinkable in two different careers. There is also a lot of other options that I share with you if you are looking at becoming a work at home mom. We also discuss a lot about being a stay at home mom. There are moments that things just dont go the way you thought. We go over a multitude of methods that you can save money and many save enough that it doesnt pay for them to work. There are families (and lots of families) making it every day with the mother deciding to be a stay at home mom or a work at home mom. I remember when I took the dive and became a stay at home mom in between my career changes, it was so SCARY! I went through the process and can share with you the experience so you dont have to go through the pain and you can just start by enjoying more family time. Read this if you need a guide to get you through the tough decision if you are going to stay at home with the kids. This also has a lot of great advice about saving tons of money and learning to live by getting out of debt!
