In this up-to-date booklet, naturopath Dr. Jane Semple introduces you to the human papilloma virus (HPV), the symptoms it causes, its connection with cancer, and the vaccines and conventional medical treatments used to fight it. Looking at HPV from a holistic viewpoint, Dr. Semple offers a naturopathic approach involving nutrition, vitamins, minerals, greens, juices, herbs, and other natural dietary supplements. The booklet concludes with a discussion of detoxification and the role of yeast in HPV, as well as natural ways to manage the symptoms of HPV and prevent it from developing into cancer.
