

The First Year: Prostate Cancer: An Essential Guide for the Newly Diagnosed

Prostate cancer is the most commonly diagnosed cancer in American men about 1 in 6 will be diagnosed in his lifetime but fortunately it is also one of the most treatable cancers. From the first moment of his diagnosis, author Christopher Lukas took charge and educated himself on every aspect of his condition. Now, as a patient-expert, he guides those newly diagnosed step-by-step through their first year with prostate cancer. Lukas provides crucial information about the nature of the disease, treatment options, diet, exercise, social concerns, emotional issues, networking with others, and much more. The First Year-Prostate Cancer will be an essential resource for everyone who wants to be an informed, active participant in the management of their condition.
