

## On Days Like These

When asked if he'd ever considered an Iron-distance triathlon, Phil really ought to have replied; No. He could barely swim... he was a mediocre cyclist, at best... and he was medically advised not to run having, previously, faced the very real possibility of never even walking again. But, for whatever reason, he replied; not yet and, in so doing, planted the seed of an idea in his mind which just wouldn't go away. On Days Like These chronicles Phil's journey, beginning at the moment he decided to enter one of the world's toughest mainstream endurance challenges. How does it all end? Well... you'll need to read it to find out!
