

The Life of Rosa Parks (Famous Lives (Gareth Stevens Paperback))

Known as the mother of the civil rights movement, Rosa Parks took a small stance that made a big impact. Just by sitting in a bus seat, she inspired thousands of black Americans to boycott buses altogether! Readers will be introduced to Rosa Parks and the civil rights movement through the details of her biography and the great change brought about by her actions. Historical photographs engage readers further, transporting them back to one of the most troubling times in American history, and a helpful timeline summarizes important events in Rosa's life.
