

Rafiq Hariri and the Fate of Lebanon

The best book so far on Hariri and his legacy. Robert Fisk Essential reading. Fuad Siniora, prime minister of Lebanon On Valentines Day 2005, self-made billionaire Rafiq Hariri, Lebanons former prime minister, was assassinated in Beirut by a massive bomb that destroyed his motorcade. The Lebanese people subsequently took to the streets, and the United Nations Security Council responded by declaring the assassination an international terrorist act with severe regional and international ramifications. An International Independent Investigation Commission was formed by the Security Council to uncover the perpetrators. Hariri was mourned as a Lebanese martyr, and his death triggered the protests that led to the withdrawal of Syrian forces in April of 2005. From his humble beginnings as a fruit picker, Hariri achieved fame and fortune as a construction magnate in Saudi Arabia. As prime minister of Lebanon for ten years (1992-1998 and 2000-2004) he was widely credited for its rebirth after years of civil war, overseeing the rebuilding of 90 percent of the countrys infrastructure. His resignation in 2004 over the extension of President Lahouds mandate was viewed as a protest against Syrian interference in Lebanese affairs. Marwan Iskandar offers an in-depth perspective of the Hariri years, including a detailed look at the considerable economic reforms instituted under Hariris leadership.
