

Walking Away from Jesus: Leaving Christian Evangelical Fundamentalism

What is it like when Christians start to doubt their faith and to ask awkward questions about their faith? What is it like when Christians find that the faith no longer works for them? What is it like to walk away from a close-knit fellowship into the wider world of unbelievers? What is it like to walk away from Jesus? The author takes you on a journey out of Christian conservative evangelical Fundamentalism, describing both his personal experience and his theological rationale for leaving the faith. It is a journey that took him over forty years to complete. This book is both for those Christians who are struggling to leave their church or fellowship and for students with a general interest in religious fundamentalism.
