

Roughing It

The Wild West as Mark Twain lived it In 1861, Mark Twain joined his older brother Orion, the newly appointed secretary of the Nevada Territory, on a stagecoach journey from Missouri to Carson City, Nevada. Planning to be gone for three months, Twain spent the next six or seven years exploring the great American frontier, from the monumental vistas of the Rocky Mountains to the lush landscapes of Hawaii. Along the way, he made and lost a theoretical fortune, danced like a kangaroo in the finest hotels of San Francisco, and came to terms with freezing to death in a snow bankonly to discover, in the light of morning, that he was fifteen steps from a comfortable inn. As a record of the variegated vagabondizing that characterized his early yearsbefore he became a national treasureRoughing It is an indispensable chapter in the biography of Mark Twain. It is also, a century and a half after it was first published, both a fascinating history of the American West and a laugh-out-loud good time. This ebook has been professionally proofread to ensure accuracy and readability on all devices.
