

## Steven Applebys Encyclopedia of Personal Problems

An encyclopedia of embarrassments by Britains answer to Matt Groening. Everyone has a personal problem or two-or seven. So dont be shy, take this book and make use of the clever alphabetical filing system to track down your very own unpleasant personal problem! Youll feel relief wash over you as your difficulty pales to insignificance when compared to: possession by the devil, foot-in-mouth disease, husbands, fear of toasters, and much, much more. . Copiously illustrated and punishingly funny, Steven Applebys Encyclopedia of Personal Problems is a must have, even for those rare creatures without a personal problem (see Denial, page 94).
