

## Ello Monkey: Reanimating Social Media

Just when I thought The Internet was dead, a new and supposedly different kind of social media network popped up and caught my eye : Ello. I am an animator, so naturally, drawings of monkeys ensued. In her first picture book exclusively for grownups, award-winning story artist JC Little explores the at times imperfect, but oh-so-inspiring world of Ellos beta early adopter community. This is not a guide book: it is a humorous and slightly satirical collection of impressions and reflections on a collective shift away from the colossally impersonal social media giants, illustrated with playful drawings of monkeys. Praise for ELLO MONKEY: It is only fitting that the first how to book Ive read on Ello presents itself in such a beautifully creative, but entirely unconventional way. If you are new to Ello, or (already) an Ello veteran, you absolutely MUST read this thoughtful guide. Careful though, you may die laughing - in a good way. Thomas Hawk, photographer, Thomas Hawks Digital Connection JC Littles ELLO MONKEY part manual and part cheeky early adopter diary is not only valuable for those new to Ello, but it has inspired this early adopter to reembrace the platform. It reminds me what I love most about social media: social connection. Elan Morgan, Designer & Blogger at Schmutzie.com Ello opened up a world of possibilities in how we think about social media. Whether you are an Ello user or not, you will enjoy JCs humorous enthusiasm for the online community. Neil Kramer, Screenwriter & Author of Citizen of the Month ELLO MONKEY impishly explains how a home away from home can be full of monkey business, ad-free popcorn, friendly fEllos, and meaningful conversations. JC Little is hilarious. Susan Caney-Peterson, Writer & Booksnips About JC Little: Montreal-based JC Little is an award-winning author, blogger and an award-nominated animation director, with

a career spanning more than 30 years. Her background includes new media, commercials, feature films, and the Disney-syndicated and Gemini-nominated kids TV show My Life Me. She has written and illustrated four books, and is best known online as The Animated Woman. JC lives in a messy house with her lovely English husband and three fantastically opinionated children.
