

## The Aztec Empire. Catalogue of the Exhibition

The Aztec Empire: Catalogue of the Exhibition, organized by Felipe Sols, the distinguished Curator and Director of the Museo Nacional de Antropología in Mexico City, provides not only a thorough representation of Aztec society at the zenith of the empire in the 15th century, but also the context for its development, expansion, and influence. The exhibition features more than 500 archaeological objects and works from Mexico and the United States, including jewelry, works of precious metals, and household as well as ceremonial artifacts. This expansive, detailed companion book to The Aztec Empire documents every piece in the exhibition with 400 thumbnail images.
