

The Collected Works of St. Teresa of Avila Vol. 3

This book contains Book of Her Foundations and Minor Works. Includes general and biblical index. In 1573, while staying in Salamanca to assist her nuns in the task of establishing one of her seventeen monasteries, Teresa began composing the story of their foundation. The Book of Her Foundations comprises the major portion of Volume Three. This book not only tells the story of the establishment of her monasteries but, characteristic of Teresa, digresses into counsels on prayer, love, melancholy, virtuous living and dying, plus other teachings of the Mother Foundress. This book also has an excellent introduction, chronology, and map of Teresas foundations and journeys. Five of her brief works, including her poetry, complete ICS Publications third volume of her Collected Works. Includes general and biblical index.
