

## The Gospel of Thomas: Unabridged

The Gospel of Thomas is very different in tone and structure from other New Testament apocrypha and the four Canonical Gospels. Unlike the canonical Gospels, The Gospel of Thomas is not a narrative account of the life of Jesus; instead, it consists of logia (sayings) attributed to Jesus, sometimes stand-alone, sometimes embedded in short dialogues or parables. The Gospel of Thomas offers rare and profound understandings of the original and unadulterated teachings of the Christ.
