Illustrations in this ebook appear in vibrant full color on a full color ebook device, and in rich black and white on all other devices. Narnia ... where Talking Beasts walk ... where a witch waits ... where a new world is about to be born. On a daring quest to save a life, two friends are hurled into another world, where an evil sorceress seeks to enslave them. But then the lion Aslan's song weaves itself into the fabric of a new land, a land that will be known as Narnia. And in Narnia, all things are possible. The Magician's Nephew is the first book in C.S. Lewis's The Chronicles of Narnia, a series that has become part of the canon of classic literature, drawing readers of all ages into a magical land with unforgettable characters for over fifty years. This is a stand-alone novel, but if you would like to journey back to Narnia, read The Lion, the Witch and the Wardrobe, the second book in The Chronicles of Narnia.
