

Motivated Salon

Mark Foley, one of North America's premier salon consultants has now put his vast expertise between covers, detailing how you can apply time-tested practical and psychological strategies to attract and retain clients while prompting them to purchase more of your products and services. This book provides you with hard hitting sales and marketing methods that yield more profitable results. Just some of what you will learn includes: -- sales strategies and marketing techniques and how to apply them to your salon-- customer service: what it is and how to offer it to your clients-- how to make the most of client purchases-- the hows, whens and whys of customer service
