

The Theory of the Leisure Class (Penguin Twentieth-Century Classics)

A classic of sociology and economics, originally published in 1899. With exquisite irony, Veblen, the best critic of America that America has produced (C. Wright Mills), lays bare the hollowness of our canons of taste and culture. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
