

The Three Battles of Wanat: And Other True Stories

New York Times bestselling author Mark Bowden has had a prolific career as one of America's leading journalists and nonfiction writers. His new collection, *The Three Battles of Wanat and Other True Stories*, features the best of his long-form pieces on war, as well as notable profiles, sports reporting, and essays on culture. Including pieces from the *Atlantic*, *Vanity Fair*, the *New Yorker*, and the *Philadelphia Inquirer*, this collection is Bowden at his best. The titular article, *The Three Battles of Wanat*, tells the story of one of the bloodiest days in the War in Afghanistan and the extraordinary years-long fallout it generated within the United States military. In *The Killing Machines*, Bowden examines the strategic, legal, and moral issues surrounding armed drones. And in a brilliant piece on Kim Jong-un, *The Bright Sun of Juche*, he recalibrates our understanding of the world's youngest and most baffling dictator. Also included are profiles of newspaper scion Arthur Sulzberger; renowned defense attorney and anti-death-penalty activist Judy Clarke; and David Simon, the creator of *The Wire*. Absorbing and provocative, *The Three Battles of Wanat* is an essential collection for fans of Mark Bowden's writing, and for anyone who enjoys first-rate narrative nonfiction.
