

Ultimate Weight Loss Power Pack

A 12-week tried and tested hypnosis program based on an approach to weight management that Victoria Wizell successfully used during one-on-one hypnosis sessions with clients. Victoria usually recommends a 10-session weight management program for her private weight-loss clients and the cost of that package is \$750.00, to experience Victoria personally. While the one-on-one sessions are individualized, if you have the motivation and desire to succeed at your weight loss goals, you now have all the tools you need in this 12-week program. A simple and easy to follow model for using hypnosis to find and resolve your core issues that are responsible for keeping the weight on your body!
