

United Kingdom Economic Accounts No.49 4th Quarter 2004

United Kingdom Economic Accounts (UKEA), a quarterly national accounts publication, provides detailed estimates of national product, income and expenditure for the United Kingdom. A key source of data on the economy, UKEA contains tables showing the main aggregates of Gross Domestic Product (GDP) and Balance of Payments (BoP), plus Income and Capital Account, Financial Accounts and Financial Balance Sheets by sector. UKEA contains articles on key economic developments GDP, BoP and the sectors accounts for the latest quarter. Articles contain detailed analysis of household expenditure, fixed capital formation, imports and exports of goods and services together with accounts of the household sector, corporations (private non-financial corporations, financial corporations and public corporations), general government and the rest of the world. Summary financial accounts for each sector are included. There is an extended section covering the balance of payments.
