

Vaginal Odor- A Book for Him (Womens Health and Fitness 1)

Vaginal odor is a problem that is very concerning for both women and their male partners. Feminine odor is a natural function of human physiology. Every woman has her own individual and exotic scent. However, there may be times when vaginal odor seems to be foul or offensive. This is a matter that needs to be treated with extreme care and respect as it is broached with a female partner. There are a variety of reasons why a woman may experience vaginal odor that is out of the ordinary or foul smelling. This short book provides information on the various potential causes as well as solutions and courses of action. It is very concise and has no fluff. You are only getting the information needed to understand the causes of vaginal odor and what can be done. This book is being written as a resource for males who are concerned about their female partners. However, then information is an excellent factual resource for any woman who is concerned about vaginal odor, its causes and possible remedies. Each one of us is an individual whose personal circumstances vary. If your partner is experiencing personal difficulties in the form of odors from her vagina, you may feel you are uncertain of how to approach her without causing conflict or hurting her feelings. Each one of us is an individual whose personal circumstances vary. If your partner is experiencing personal difficulties in the form of odors from her vagina, you may feel you are uncertain of how to approach her without causing conflict or hurting her feelings. Our bodies were designed to function perfectly. If you or your partner become aware of an odor from her vagina that would seem to be out of the ordinary, there are some very basic steps that can be taken to arrive at an outcome that is comfortable for you and for her. The very important thing is that you are helping her take control of her personal health and state of mind. You are

empowered to learn about the factors that impact her body and to seek out the wisdom and answers that will help you respond to her personal health needs. This short book is intended to provide you with areas to investigate further. I have created a very short book that you may consume in a single short sitting that will provide you with very clear areas to investigate. The most important thing for you right now is to be sensitive to her needs and be careful as to how you approach this very delicate subject. After all it is her body, and as her partner it is your job to assist in the process of finding that perfect truth that will lead to her ultimate health, well being and happiness. For your convenience I am including the Table of Contents and first chapter in the book: _____ Table of Contents Terms of Use The Vagina is Perfect Quick Facts About Vaginal Odor Tread Carefully - Be Sensitive with Your Partner!
