

Dreaming Your Way to Pain Free Living: Relieving Chronic Pain

Dreaming your Way to Pain Free Living Describing the life of the author who had great ambitions but came from a family with minimal resources or connections, Neil McHugh was told from an early age that he did not have the aptitude for a career in technology, and yet became an executive in two of the largest technology companies in the world. All through his life he was told he was not capable or eligible for opportunities or positions he was striving for, and yet he achieved all of his goals. This success was not achieved merely by good luck and hard work, but by the belief in the Power of the Mind. From a very early age practiced visualization and meditation. The book explains the process he used to successfully build his life and career. However, it was not all plain sailing as his biggest challenge in life was to use the skills he had developed to resolve a crippling spine disease. When consultants and surgeons told him his life was over as he knew it, he was determined to prove them wrong and would not accept their diagnosis. For 12 months he battled with pain and negativity within his own mind and developed a process that allowed him to 1) manage the pain. 2) ease himself off pain killers 3) start rebuilding his spine and lastly learning to walk, run and lead a normal life. This was all done using the power of his mind. Scientists have now proved we are capable of Self-Healing Check out Ted on Youtube https://www.youtube.com/watch?v=LWQfe_fNbs#t=82 In this book, you will learn to control your emotions, manage those negative internal voices, visualize, meditate and build the life you deserve by dreaming your way to pain free living and prosperity.
