

The Chronic Diseases

This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 Excerpt: ...d than that these doses might have proved inefficient? They surely could do no harm! But in their injudicious, self-willed application of large doses for homoeopathic use they only, in fact only once again, went over that roundabout road so dangerous to their patients in order to reach the truth, which I myself had already successfully passed over, and indeed with trembling, so as to save them this trouble; and if they really desired to heal, they were nevertheless at last compelled to arrive at the only true goal, after having inflicted many an injury and wasted a good part of their fair life. All this I had already laid before them faithfully and frankly, and had long before given them the reasons. May they do better with the great discovery herewith presented to them! And if they should not treat this discovery any better--well, then a more conscientious and intelligent posterity will alone have the advantage to be obtained by a faithful, punctual observance of the teachings here laid down, of being able to deliver mankind from the numberless torments which have rested upon the poor sick owing to the numberless, tedious diseases, even as far back as history extends. This great boon had not been put within their reach by what Homoeopathy had taught hitherto.

PREFACE TO THE FOURTH VOLUME.

INQUIRY INTO THE PROCESS OF HOMCEOPATHIC HEALING. We have no means of reaching with our senses or of gaining essential knowledge as to the process of life in the interior of man, and it is only at times granted us to draw speculative conclusions from what is happening as to the manner in which it may have occurred or taken place; but we are unable to furnish conclusive proofs of our

explanations from the changes which are observed in the organic kingdom; for...
